Hard times make more conversation than good times.

In England an ounce of women's clothes costs about a pound.

Some give according to their means; others according to their needs.

Flyers who make it are heroes, those who don't ought to be known better than to try.

If a youngster can boss his pa and ma he is probably entitled with great executive ability.

Almo's "four-square" people would appear to more people if it guaranteed four square meals a day.

Real spirits were discovered in the South Carolina moonshine; he established his still there.

We read of a singer whose comedy filled the hall so completely that the audience walked out to give it room.

Sometimes the father gives the bride away; in other cases the bridegroom has to find out for himself.

Considerable unemployment is being relieved by appointing commissions and boards to study unemployment.

Norway, a country with fewer inhabitants than Chicago, is the fifth greatest mercantile shipping nation in the world.

A new machine can exert a pressure of 300 tons to the square inch. Still it couldn't squeeze money out of some people.

A contemporary confides that the new Belgian prince will direct the line of succession to the throne, because "this older sister is a girl."

A dispatch says "General Pershing has accepted an invitation to be a distinguished guest." In fact, he could hardly be any other kind.

CARILLON OF 72 BELLS

This month the largest carillon in the world was installed in the tower of the four million dollar Riverside Church in New York. It has 72 bells with a range of six octaves, the largest bell weighing twenty tons.

The carillon tower is 300 feet high, into which the bells were hoisted by electricity, using steel cables.

Three bells in the world are larger than the big bass bell of the carillon, but it has the heaviest tone. It is about eight feet high, its clapper alone weighing as much as the Liberty Bell, about a ton.

The tower and carillon are the gift of John D. Rockefeller, Jr. He and his father are the largest contributors to the new church, of which Dr. Harry Emerson Fosdick will be the pastor when it is opened for worship in October.

Riverside Church, with its great carillon, will be a notable addition to the many religious edifices of the nation's metropolis.

FRIENDS OF WILD LIFE

Everyone who loves animals and birds will rejoice at a recent announcement concerning the Wild Life Association, a new organization organized by Joseph Palmer Knapp, famous New York magazine publisher.

The association will have an initial endowment of five million dollars, which will probably be increased to ten million, and has for its object the protection and conservation of America's wild life.

A most pleasing feature of the announcement is that Senator Harry B. Haves of Missouri will become the active head of the organization at the expiration of his term as United States Senator in March, 1933. In the meantime he will direct the preliminary work of the association.

Senator Haves is one of the foremost figures in the movement for wild life protection, being the author of several works on various phases of the Senate on the migratory bird conservation commission. He is a widely known sportsman and an outstanding authority on wild life.

Mr. Knapp's generosity in providing such a liberal endowment for this important conservation movement is most commendable, and it is fortunate that he will have Senator Haves in active control of

the work. The efforts of these distinguished friends of American wild life should have the hearty cooperation of press and public.

CITY POWER VOTED DOWN

After several years of rather unsatisfactory experience with municipally owned street car lines and other utilities, the voters of San Francisco recently defeated a plan to put the city into the power business on a large scale by a decisive vote.

Four propositions were submitted, the most important being those to issue bonds for taking over the distribution systems of the Pacific and Great Western power companies. The Pacific proposition was defeated by a vote of 62,273 to 24,930, while the Great Western proposition suffered a similar fate by a vote of 62,243 to 24,890. Two minor proposals were also voted down.

In spite of all the agitation for the extension of government and municipal operation of utilities, the idea does not appear to have gained much headway in the United States.

Handfuls of towns have voted to sell their municipal plants to the largest power companies in the last few years, and the trend is generally away from municipal ownership, especially in communities which hope for marked industrial development.

SCRAMBLED SLOGANS

Here is a nice parlor game. Have written on slips of paper certain advertising slogans. On another set of slips write the names of the largest power companies in the United States. Mix each set in a hat or other receptacle and draw one slip from each and compare. Here are some of the results reported by a content provider:

"Eventually, Why Not Now?"—National Federal Directors' Association.

"Good to the Last Drop!"—Haviland China.

"Be the Strength of Gibraltar."—Brookfield Butter.

"Hans What Am?"—Famous Lasky Players.

"The Danger Line!"—Penny's Vanilla Railroad.

"The Flavor Lasts!"—Squibb's Tasteless Cat Oil.

TELEGRAMS AND GAS

It was recently noted that gas line filling stations were branching into other lines by adding tires, radios and cigarettes, sometimes even cold drinks and even books to their stock in trade.

Now it is announced that they are to become branch offices for telegraph companies, where tourists and others may file telegrams.

In some cases written messages will be delivered to telegraph offices by filling station attendants; in others the sender may use a slot telephone into which his toll may be deposited.

It is reported that one telegraph company has arranged for 3,500 filling station branches under this plan and is negotiating for 3,500 more, while another company will arrange for 3,000.

The new system will be advantageous to persons living in many rural communities as well as to tourists, it is believed. At the same time, greater convenience in telegraphing will doubtless increase this method of communication very materially, which is naturally what the companies have in mind.

Poultry cases to serve better as profit-making addition to the store, if the years of low prices for the fleecy staple.

A gas attack of carbon bisulphide will take the evil out of the grain weevil.

GRAVE YARD WORKING

There will be a grave yard working at Dunley's Cross Roads cemetery on the first Monday in October, the 15th. The people did a splendid job of cleaning the last time, but the weeds have grown so much that it will have to be cleaned again on October 15th. Everybody interested will please come and bring the necessary tools.

Bayer Aspirin is like an old friend, tried and true. There is no satisfactory substitute for it.

When children are irritable and noisy, grind their teeth and fussily, have digestive pains and distended, look of appetite, and have itching eyes, nose and fingers, doctors will not always agree that they are suffering from worms. Many mothers, too, will not believe that their children brought up on worm medicine, have worms.

The fact remains that these symptoms are a great majority of cases, to a few cases of White's Cream Vermicide, the sure expeller of round and pin worms. If your child has any of these symptoms, try this happy, old fashioned remedy, which you can get at 35c per bottle from

## CHURCH NEWS

**Methodist Missionary Society.**—The Baptist ladies met at the church Monday afternoon for their regular monthly business meeting.

Mrs. Porter Moore led the devotion, after which a business session was held by Mrs. John Brock, acting president.

**Services At Methodist Church.**—L. A. Rainey filled the pulpit at the Methodist church Sunday morning and Mr. Joe Russell for the evening service. Rev. D. L. Folsom held a meeting in the eastern part of the state. The services were well attended.

**ROSENBERG'S AND FALL 1930-1931.**—An invitation is extended to the readers of this paper to visit ROSENBERG'S (known as The Dollar Store), Troy, Ala. They announce the return of their corps of buyers from the Eastern States where they have been busy for the past month buying new Fall Merchandise.

New fashions are in and buying can begin. Exciting news for you who have waited impatiently for the busy season when clothes with character should be the order of the day.

A long enough interval has elapsed since our buyers' returns for the models of their choosing to be copied and adapted for your wardrobe needs of the moment. It will be a pleasure to look—and a joy to buy—now or later.

A feeling of Fall is present all over the store. Prices are LOW—ER—considerably lower than you imagine—than a shopping trip soon, get an early selection of the new arrivals.

This Fall puts a "tang" of different appearance to all apparel. Dresses have new sleeve treatments, new materials—Suits are

laid for another popular season. Coats with full and long haired fur and richness to the new Fall and Winter modes. Evening wear is sparkling with Parisian innovations.

Accessories, more attractive than ever. Handbags, Jewelry, Linens, Gloves, as well as Hosiery, all have a touch of Fall in their makeup. Millinery, too, the Fall Hats are different in such delightful ways that "the first hat of the season" is twice the exciting prospect that it used to be.

Footwear dominates in the dark tones, Black and Brown being the leading colors and surely you will want to see them. New Piece Goods, fabrics of clever silks as well as Woolens, Satins and Novelty, in pretty weaves for those who fashion their own garments.

And remember that all prices are lower this Fall, lower than in several years, but the quality will be found far better. AT ROSENBERG'S, Troy, Alabama.

Mr. and Mrs. J. E. Edwards, of Ozark, Mrs. Lee Whittle, of Safford, N. C., Mrs. L. C. Whittle and little daughter, of Augusta, Ga., were guests of Mrs. R. C. Bryan and Mrs. Simmons last Wednesday.

## INO NEWS

We are having some mighty ugly rainy weather now. The farmers are expecting to lose their peanuts and the rest of this cotton that has not been picked. Cotton seed is sprouted in the bur and rotten on the ground, although it's good on their gardens, cane and potato crops. Where there is had there is always a little good.

We are sorry to learn of the infant son, L. C., of Mr. and Mrs. J. H. Wamble being one sick last this week. We wish for it a speedy recovery.

Mrs. J. J. Calhoun, of Jack, is visiting her daughter, Mrs. J. T. Davis, this week, although she can not walk, but we are glad to have her in our midst again.

Mr. and Mrs. John Holley and children were visitors near Samson Sunday.

Miss Una V. Henderson was the dinner guest of Miss Bolah Wamble Sunday.

Those who called on Mr. J. T. Davis Wednesday were Mr. Pete Parker, Mr. Thomas Whitehead and Mr. Bud Turner.

Mr. M. C. Calhoun and Mr. Wilbur Jackson were the dinner guests at Mr. J. T. Davis' Saturday.

Mr. and Mrs. William Wilkerson visited her parents, Mr. and Mrs. Willie Mathis, last Saturday and Sunday.

We were very sorry to know that the little daughter of Mr. and Mrs. Paul Spain is very sick. We hope it will soon be well again.

Those who enjoyed a ball game last night at Miss Beulah Wamble's Saturday p. m. were Miss Ester Smith, Miss Beulah Wamble, Mr. J. D. Wise, Miss Minnie Bea Wise. All reported a jolly time.

The birthday party given at the home of Mrs. J. T. Davis Sunday p. m. was just fine, as it was their little daughter, Julia Mae's, sixth anniversary. The table was beautifully decorated with a profusion of late summer flowers and eighteen happy children were present to enjoy the refreshments that were before them. There were six very white candles, each candle representing the years of her age, and a welcome song of "We are Happy Little Children" was sung while the cake was being cut and afterwards a happy song was sung while marching to the play ground, where various games were played and all enjoyed themselves and hoped to meet her again next September 15th, 1931. Also many beautiful gifts were presented.

Miss Decie Wise was the guest of her cousin, Miss Myrtice Johnson, Saturday night.

It is not too long 'til come again when it rains.—Fannie Davis.

What an Appetite!

"Ever since I started taking Herline I have been able to eat all the good food I have had to deny myself without suffering from indigestion, sour stomach and sick headaches. That's why I would not be without it in the house," says J. L. Carpenter, 125 Lowell Ave., in San Antonio.

Herline is a vegetable liquid which does nothing more than help your stomach and bowels take care of the food you eat. That eliminates the gas which causes constipation, flatulence, sick headache, indigestion and sour stomach. Then your blood gets plenty of vitamins. It builds red corpuscles and gives you strength.

Sold by Peoples Drug Store.

**Felt Bad After Eating**

"Before I started taking Black-Draught, three years ago, my health was very bad," writes Mrs. C. C. Carson, 945 Concord St., Beaumont, Texas. "I suffered constantly from constipation. I had headache when I got up in the morning, and I felt dull and sluggish. I hardly ate a meal that my food agreed with me. Frequently I would have gas on my stomach, and felt awful."

"I read about Black-Draught, and I thought it might help me. After I had taken it a little while, I felt much better. I feel like a new man. I keep it on hand so when I need a laxative I will have it. In the three years I have been taking it, I have never found anything as good for constipation."

**Black-Draught**  
For CONSTIPATION, INDIGESTION, BILIOUSNESS.  
Costs Only 1 Cent a Dose.  
WOMEN who are run-down, nervous, or suffer every month, should take Careful. Used for over 50 years.

"I had such indigestion at times I couldn't retain anything on my stomach; I was extremely nervous"

MRS. ANNIE LOWERY

and my general health was so run-down I could hardly keep out of bed. Since taking Sargon my indigestion is gone. I have a splendid appetite. I'm no longer nervous and I feel like a different woman."

"I also had remarkable results from Sargon Pills and consider them the best laxative in the world."

Mrs. Annie Lowery, Leeds, Ala., wife of a prominent farmer.

## EYE HEALTH

Eyes quickly feel the effects of any wrong condition, either within or without the body, and give a timely warning.

If you are having difficulty in reading or doing close work or if you are afflicted with headaches or blurred vision, you should heed this warning and have your eyes examined.

Examination by an eye specialist will locate the trouble and indicate the treatment which should be given. Usually it is within the eye itself and is not of a serious nature. In such cases the remedy is to use corrective lenses to assist the eye in overcoming the defect.

I specialize in Eye Refraction, which is the examination and correction of defective vision by means of glasses. You are invited to call and consult me about your eyes and to make an appointment for examination if you wish.

I will be in Elba First Wednesday after First Tuesday each month, at Peoples Drug Store, in May Building.
